

# Omega Fatty Acid Content

Clinical Application	OmegaGenics Formula	EPA (mg) Per Softgel	DHA (mg) Per Softgel	Other Omegas	Delivery Form	Triglyceride/Ethyl Ester	Third-Party & Additional Testing
General Support	OmegaGenics EPA-DHA 300	180	120		Softgel	TG	✓
	OmegaGenics EPA-DHA 500	300	200		Softgel	EE	✓
	OmegaGenics EPA-DHA 500 EC	300	200		Enteric-Coated Softgel	EE	✓
Advanced Support	OmegaGenics EPA-DHA 720	430	290		Softgel	EE	✓
	OmegaGenics EPA-DHA 1000	710	290		Softgel	TG	✓
	OmegaGenics EPA-DHA 2400	1410	990		Liquid	TG	✓
Targeted Support	OmegaGenics Mega 10	330	170	110 mg Palmitoleic Acid	Softgel	EE	✓
	OmegaGenics EPA 1200	1200			Softgel	EE	✓
	OmegaGenics DHA 600	60	600		Softgel	EE	✓
	MetaKids DHA (formerly OmegaGenics DHA Children's)	10	50		Softgel	TG	✓
	OmegaGenics GLA 240			240 mg GLA	Softgel		✓
	OmegaGenics Evening Primrose Oil			369 mg Linoleic Acid, 50 mg GLA	Softgel		✓

## The OmegaGenics® Difference

### Every OmegaGenics Formula Makes a World of Difference. So Can You.

Metagenics is proud to continue our partnership with Vitamin Angels, a charitable organization that helps provide nutritional support to protect the health of at-risk populations in need—specifically pregnant women, new mothers, and children under 5—in approximately 45 countries. In the last year, contributions from OmegaGenics product purchases helped over 100,000 children in need.

### Discover the OmegaGenics Family.

For over 30 years, Metagenics has led personalized medicine in research and quality manufacturing to create safe, effective, and natural approaches to wellness. OmegaGenics is no different. Discover a comprehensive line of targeted omega-3 formulas—designed to suit a wide range of clinical applications and patient preferences.

# What Makes Us Different?

OmegaGenics formulas are created for customizable patient protocols, with specialized omega-3 ratios and dosage options to support cardiovascular and cognitive health. To help increase patient compliance, we offer a variety of delivery forms, including liquids, softgels, and enteric-coated options in both triglyceride and ethyl ester oils, to suit individual patient preferences.

We stand on three pillars of quality—transparency, sustainability, and extensive testing—to bring you advanced nutritional solutions you can trust. That’s our promise.

## Our Commitment to You

**Transparency** We go to great lengths to ensure the highest level of quality and consistency in every batch, so you can feel confident that what’s on the label is exactly what’s in the bottle.

**Sustainability** Our fish are always sourced from fisheries that observe best practices for protecting endangered species and their ocean environments. To ensure the lowest environmental impact, we partner with Friends of the Sea—a third-party organization dedicated to the preservation of the marine habitat.

**Extensive Testing** Every batch is third-party tested for over 450 contaminants, including heavy metals and PCBs, by Eurofins—the world’s leader in environment and biopharma product testing. And beyond that, we perform in-house testing for microbial contaminants and conduct quality measures to create safe, effective formulas your patients can depend on.

## What We Test

### Eurofins Assays

#### Heavy metals (non-nutritive, potentially toxic)

- ✓ Lead
- ✓ Cadmium
- ✓ Arsenic (inorganic)
- ✓ Mercury

#### Environmental toxins & pesticides

- ✓ 90 organochlorine pesticides & pyrethroides
- ✓ 116 organophosphorus pesticides
- ✓ 209 markers of PCBs
- ✓ 17 dioxins & furans
- ✓ 13 polycyclic aromatic hydrocarbons (pollutants)
- ✓ 3 toxaphenes (parlar compounds)

### Independent Tests on Raw Materials & Finished Products:

#### Freshness

- ✓ Peroxide levels (primary oxidation)
- ✓ Anisidine levels (secondary oxidation)
- ✓ Total oxidation (TOTOX) value

#### Microbial contaminants

- ✓ Total plate count (bacterial culture test)
- ✓ Yeast & mold count
- ✓ Total coliforms (bacteria)
- ✓ Specific coliforms: *E. coli*, *Salmonella*, *Staphylococcus aureus*

#### Additional Tests:

##### Quality measures

- ✓ Softgel disintegration time
- ✓ Shelf stability
- ✓ Taste and tolerance

### No “Fishy” Taste

OmegaGenics provides the highest level of potency and freshness through advanced molecular distillation and selective raw material sourcing. Our formulas are also stabilized with natural antioxidants like mixed tocopherols, vitamin C, and rosemary extract to ensure optimal purity.

# OmegaGenics Portfolio

## General Support

### Cognitive and cardiovascular health

OmegaGenics® EPA-DHA 300      OmegaGenics® EPA-DHA 500

### Cognitive and cardiovascular health (enteric-coated)

OmegaGenics® EPA-DHA 500 EC

## Advanced Support

### Cognitive and cardiovascular health

OmegaGenics® EPA-DHA 720      OmegaGenics® EPA-DHA 1000

### Cognitive and cardiovascular health (liquid form)

OmegaGenics® EPA-DHA 2400

## Targeted Support

### Helps to reduce serum triglycerides and blood levels of CRP

OmegaGenics® Mega 10®

### Cognitive health and brain function

OmegaGenics® DHA 600

### Source of gamma-linolenic acid

OmegaGenics® GLA 240

OmegaGenics® Evening Primrose Oil

### Source of eicosapentaenoic acid

OmegaGenics® EPA 1200

### Children’s health

MetaKids™ DHA (formerly OmegaGenics® DHA Children’s)
